

What have we been learning?

Week beginning: Monday 20th May 2024

We have been learning our letters and sounds in our phonics lessons. This week we have been listening carefully to words and working out what sounds are in the words by saying the word slowly.

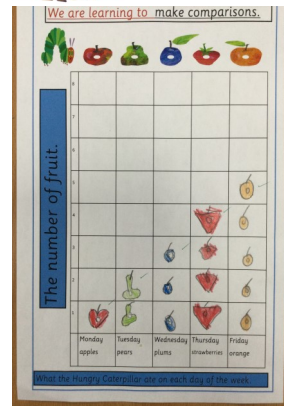

We played the game 'full circle'. When we hear our sound in the word said we had to stand next to our friends to make the word we heard.

The Very Hungry Caterpillar.

This week we used the story of the hungry caterpillar to create a pictogram. We enjoyed using the information to find out how hungry he was on each day of the week and make comparisons.

Minibeast homes

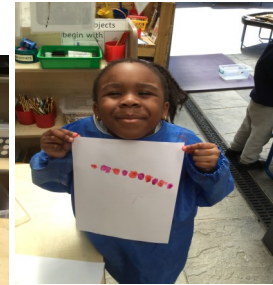

We have been exploring minibeast homes. We thought about the different materials and environments minibeasts would like. We learnt that minibeasts like dark, shaded, damp, and warm places. Many minibeasts like to burrow underground or underneath rocks, stones, wood and leaves.

Repeating patterns

We have been creating repeating patterns. We remember that each repeating pattern has a rule. We also created more complex patterns with different rules, sizes and shapes.

How can you help your child with their learning?

Read a range of stories with your child. These may include stories which help your child understand different emotions or situations. Talk to your child about what they have understood. How would they have behaved or reacted?
