

What have we been learning in the Nursery?

Friday 14th June 2024

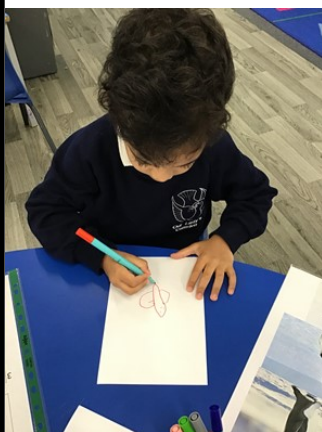

Summer Term

During the Summer term we are learning about plants and animals and how they grow and change.

In the Week

This week we read *Lost and Found*. We drew penguins.

Parent Workshop

Thank you to all of the parents that came along to our reading workshop on Tuesday. We hope you will try making props to bring stories to life at home.

Rhyme of the Week

The north wind doth blow

The north wind doth blow,
And we shall have snow,
And what will the robin do then, poor thing?

He'll sit on a twig,
And we'll feed him some bread,
And he'll sing to say 'Thank you, my friends',
Poor thing!

Please practise this rhyme with your child.

PENGUINS COMPARED

The yellow-eyed penguin is a midsize penguin species. See how it compares with some of its penguin relatives.

Talk Home Learning

This week we read the story *Lost and Found*. Your task is to research different kinds of penguins. Which species is your favourite and why? Draw a picture and write the name of your penguin to share with the class.

All work that is sent into school will be shared with the class and displayed on our home learning wall.

What have we been learning in the Nursery?

Friday 14th June 2024

We collaged penguins and retold the story.

We picked strawberries and made boats.
