

What have we been learning?

Week beginning: Monday 10th June 2024

We have been learning our letters and sounds in phonics.

This week we have been remembering the sounds 'ai', and 'ee'. We have been reading words with these sounds in sentences.

cheek

seed

rain

train

In which position do you mostly find the sounds 'ai' and 'ee' in words?

Independent writing

We have been writing about the stories we enjoy reading during our Independent activity time.

Our teachers have been very proud of how we remembered our key writing skills when writing on our own.

A trip to the London Aquarium

Reception class had a wonderful time at the London Aquarium the children followed the trail through the aquarium exploring all the interesting underwater animals. We all were amazed to see how large some sea creatures can grow. We saw enormous turtles, sharks and stingrays. Seeing the penguins was delightful and the coral reefs were so vibrant and colourful. We all really enjoyed seeing the beauty of nature and the natural world. Thank you to all the Parents, children and staff who made the day such a success.

How can you help your child with their learning?

Read information books about animals. Talk to your child about animal habitats. Have conversations with your child describing how an animal lives. Perhaps take your child to your local Library to explore a range of information about animals.
