

What have we been learning?

Week beginning: Monday 19th May 2025

This week in phonics we have been reading words with the 'igh' sound in them.
We know that we usually see this sound in the middle of words.

igh

high ghight

light ghright

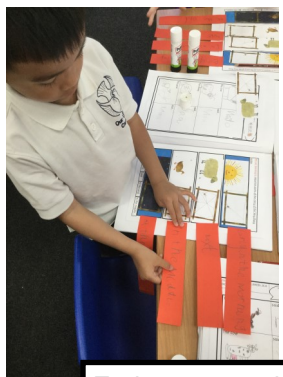

bright ghight

Sometimes you will also see this sound at the end of words also.

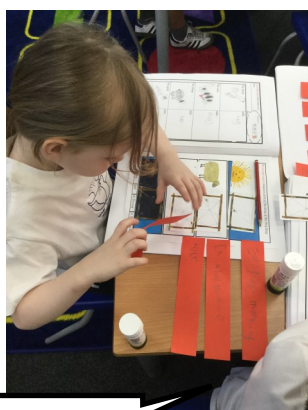

The Very Busy Spider

This week Year Reception have been retelling and sequencing the story of 'The Very Busy Spider.' Reception talked about key events in the story and put those events in order from the beginning to the end.

Early one morning...

The children then had to use story language for retelling. They thought which words best fit each part of the story they had.

Estimate

The children have been enjoying learning to estimate. They made some good guesses to suggest how many cubes were in a jar.

We then counted the amount.

Some of our estimates were so good we guessed only one or two objects more/less than there were in the jar.

How can you help your child with their learning?

Play games with your child encouraging them to guess how many objects there are and then count the objects afterwards. Could they make a good guess? Ask your child to add 1 or 2 more from any number between 0-20. Can they make a new number by adding more?
