

# What have we been learning?

Week beginning: Monday 4th November 2024

We have been learning our letters and sounds in our phonics lessons. This week in phonics we have been learning the sounds 'b and u'.

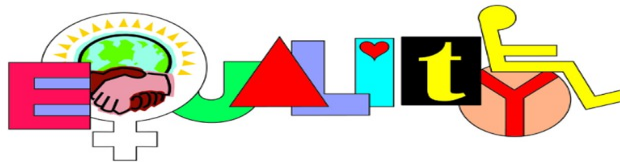

Could you sort the objects that begin with these sounds into two groups?

## Wow!

We have been sharing our achievements at home. Lots of us have been helpful, kind and learning well with our families. Our Teachers praised us for our efforts.

This week we have been enjoying 'Equalities Week' and learning about fairness, responsibility and respect. We have learnt that everybody has a right to make their own choices. That boys and girls can make the same choices if they wish.

When we grow up there are so many jobs we may like to do and we should be able to make that choice freely.

## How can you help your child with their learning?

Talk to your child about some of the activities they have participated in. How do they show fairness, responsibility and respect at home? Read stories whereby the characters may have to make difficult choices. Talk to your child about would they would do if they were in the same situation. How would they feel?
