

What have we been learning?

Week beginning: Monday 21st October 2024

We have been learning our letters and sounds in our phonics lessons. This week in phonics we have been learning the sounds 'o' and 'g'.

How many words can you spot in these sounds in them?

Music

During our music lessons with Mr Bolagi, we have been singing familiar songs and using different instruments.

We have been learning how to play the xylophone and keyboard. Mr Bolagi gave us step by step instructions and reminded us to use our fingers or beaters to play each note in time.

Buildings all around us

We have been looking at buildings all around us and talking about the buildings in which we live in.

We discovered that we lived in flats and houses of all different shapes and sizes. Some children made models of the buildings in London.

We tried very hard to follow each rhythm and play our instruments .

How can you help your child with their learning?

Take your child on a walk around your local area. Talk to them about the different buildings they see? What do they look like? Can they name them? What do they think the buildings they see are used for?
