What have we been learning in the Nursery?

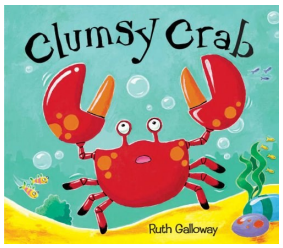

Friday 3rd July 2026

Summer Term

During the Summer term we are learning about plants and animals and how they grow and change.

In the Week

This week we read Clumsy Crab.

We used props to act out the story.

Rhyme of the Week

1, 2, 3, 4, 5, Once I caught a fish alive

One, two, three, four, five,
Once I caught a fish alive.
Six, seven, eight, nine, ten,
Then I let it go again.

Why did you let it go?
Because it bit my finger so.
Which finger did it bite?
This little finger on the right.

Please practise this rhyme with your child.

Talk Home Learning

This week we read the story **Clumsy Crab.** Creatures that live in the sea are some of the most interesting and diverse animals in the world. **Your challenge is to make a 3D model of your favourite sea creature.**

All work that is sent into school will be shared with the class and displayed on our home learning wall.

Don’t let a little worry turn into a big one…

If you or your child are worried about something or have any questions, please phone the school office and book an appointment to see their class teacher, Mrs Robbins or Mrs O’Reilly.

We are always really pleased to meet with you and chat things through.

We used paper plates to make jellyfish and collaged sea creatures.

In Maths we used 2D and 3D shapes to make pictures and objects.
