

# What have we been learning?

Week beginning: Monday 23rd September 2024

We have been learning our letters and sounds in our phonics lessons. This week in phonics we have been learning the sound 's'.

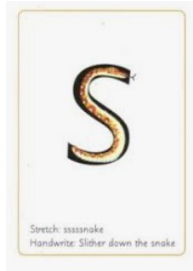

star

snake

sun

Which words can you think of that have this sound in them?

## Let's match!

In Reception class. We have been learning to know when things look the same we can say that they match. We have been finding objects that match and describing why they match.

We also played matching games with our partners and took turns to match the spot pattern shown.

# Autumn

We know we are in the season of Autumn. Autumn is the season between Summer and Winter. We have learnt that Autumn is the season where the daylight becomes shorter and the weather feels cooler. The leaves begin to fall from the trees. We went on an Autumn walk around our school to see the signs of Autumn.

## How can you help your child with their learning?

Take your child on an Autumn walk. Talk to them about the signs of Autumn they see? What colours and shapes do they observe? How are some of the trees changing? Which animals do they notice preparing to hibernate in the Winter?
