

What have we been learning?

Week beginning: Monday 1st June 2026

This week in phonics we have been reading words with the 'air' sound in them.

Which words below have the trigraph 'air' in them.

hair bat
chair high

We know that this sound has three letters and is also called a **trigraph**.

The children have been learning how to look after their wonderful world by considering their environment. They have been learning about recycling and which materials can be recycled and upcycled rather than throwing rubbish in the bin which then goes to landfill.

Family learning coffee morning

Our Family Learning Coffee Morning was a great success this week.

Ms Nessa talked with Parents and carers about early reading skills and how to engage with stories. Lots of tips and experiences were shared to help to encourage children to enjoy reading. Everybody read the story of Handa's surprise and was able to retell each part with expression and excitement. All the children were able to make a caterpillar of their own and kept a pack of activities to further explore the story.

Thank you for attending.

Don't let a little worry turn into a big one...

If you or your child are worried about something or have any questions, please phone the school office and book an appointment to see myself (Ms Boakye), Mr Withers or Mrs O'Reilly.

How can you help your child with their learning?

Help your child to recycle at home. Talk to them about the different materials they can see. Which can be recycled and which cannot? Help them to reuse recyclable objects for example, a plastic bottle to make a rocket or a shaker with different materials. They may even use it as a plant pot to grow some seeds.
