

What have we been learning?

Week beginning: Monday 5th January 2026

We have been learning our letters and sounds in our phonics lessons. We have been taking part in activities to learn what a digraph is. We remember that a digraph is two letters that make one sound.

After **the** **bath**, her mum helps her to brush her teeth.

Can you spot the digraphs in the sentence above? The first two have been done for you.

Computing

We have been learning to improve our computing skills. We enjoyed learning to use a computer track pad to move and follow a cursor on the screen, click and double-click and learn how to drag the cursor.

There were lots of great activities in 'BusyThings' to take part in.

BusyThings
Teach • Laugh • Learn

The Gift of the Magi

We have been learning to remember the special gifts of the Three Wise Men.

We have learnt that the gifts of Gold, Frankincense and Myrrh remind us of gifts we are to bring ourselves. We came together in an act of worship as our Spring Term begins to remember to always put our best gifts forward.

responsibility
love

sharing kindness

Don't let a little worry turn into a big one...

If you or your child are worried about something or have any questions, please phone the school office and book an appointment to see myself (Ms Boakye), Mr Withers or Mrs O'Reilly.

We are always really pleased to meet with you and chat things through.

How can you help your child with their learning?

Give your child a challenge to follow a set of instructions when using the computer, programmable toy or equipment. Can they follow the instructions? Do they know which button to press first then next? Can they do this independently?
