What have we been learning?

Week beginning: Monday 8th June 2026

We have been learning our letters and sounds in our phonics lessons.

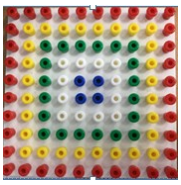

This week children have also been learning how to read words with more than on digraph in them. Words such as think have a 'th' and an 'nk'. How many digraphs can you see in the word three?

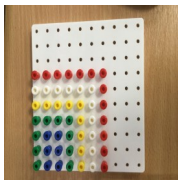

three

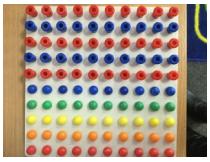

Patterns

In Maths this week the children have been remembering how to create repeating patterns.

We know a pattern is a regularly repeated arrangement of colours shapes or lines.

Patterns are all around us. We have created patterns using our maths equipment.

How would you describe this pattern?

Big bass drum

Reception Class can now play the big bass drum!

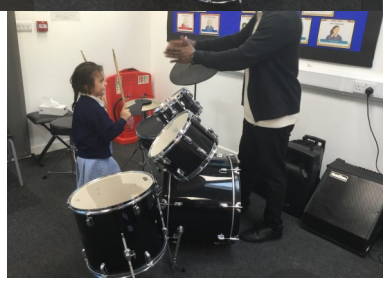

Don't let a little worry turn into a big one...
If you or your child are worried about something or have any questions, please phone the school office and book an appointment to see myself (Ms Boakye), Mr Withers or Mrs O'Reilly.
We are always really pleased to meet with you and chat things through.

How can you help your child with their learning?

Challenge your child to build their stamina and overall body strength by encouraging them to run faster and jump higher when engaging in physical games and activities.
