What have we been learning?

Week beginning: Monday 8th September 2025

We have been learning our letters and sounds in phonics.

This week we have been listening to sounds around us and describing how they are different.

How would you describe the sound of a drum?

Autumn

We have been recognising the signs of Autumn. We know Autumn is the season when the leaves turn brown, yellow, red and orange colours and begin to fall from the trees. The air feels cooler and the days are shorter. We went on a n Autumn walk.

We welcome our new Reception Class!

Our new Reception class have begun to settle in very well and had a great first week in school. They have enjoyed meeting their new teachers, new friends and friends they have previously known from our Nursery. The children have been getting used their new environment by engaging in class activities and participating in whole school routines at lunchtimes and playtimes. They have been talking about the things they enjoy most and we have been pleased to see how they have enjoyed retelling stories and acting them out using props and puppets. Thank you Parents and Carers for supporting us to make their first week such a success.

How can you help your child with their learning?

Take your child on an Autumn walk. Talk to them about the signs of Autumn they see? What colours and shapes do they observe? How are some of the trees changing? Which animals do they notice preparing to hibernate in the Winter?
