What have we been learning?

Week beginning: Monday 9th March 2026

We have been learning our letters and sounds in phonics.

This week we have been read the sound ‘oo’ in words. We know that this digraph is usually in the middle of words.

Which of the pictures below are showing a word with the sound ‘oo’.

Our Lenten Promises

What would be your Lenten promise?

We enacted the story of the Good Samaritan.

Make time to pray.

Being kind and cheering others up by doing kind things.

Help with the cooking at home.

Growing

This week in our Understanding of the World lessons we are learning about things that grow.
We have been exploring real plants and seeds.
We have enjoyed naming and describing what they look like and comparing their differences. We now know the difference between something that is living and non-living.

We also cared for new baby chicks and talked about how they grow and change.

Many of us shared our experiences of the flowers and plants we have observed on our local walks to school.
We understand the importance of caring for living things, animals, flowers and plants.

Don’t let a little worry turn into a big one...
If you or your child are worried about something or have any questions, please phone the school office and book an appointment to see myself (Ms Boakye), Mr Withers or Mrs O’Reilly.
We are always really pleased to meet with you and chat things through.

How can you help your child with their learning?

Ask your child to think of all the things they did in the day. What did they do that was helpful to another? How did they show kindness to another? Praise them for doing so explaining their acts have brought joy to another.
