Summer Term
Welcome back!
What have we been learning?

Week beginning: Monday 13th April 2026

We have been learning our letters and sounds in phonics.

This week we have been remembering all our sounds and learning the sound ‘ir’. The ‘ir’ sound usually occurs in the middle of a word.

How many words can you think of that have the ‘ir’ sound in the middle of them?

Minibeasts!

We have begun learning all about Minibeasts. We have been exploring our surroundings and have found spiders, ants, beetles, worms and woodlouse.

We went on a minibeast hunt around our school grounds to observe minibeasts in their natural environments.

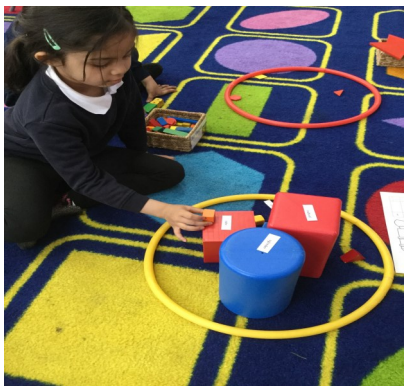

We have been enjoying learning about our new topic ‘Minibeasts’ and learning how to find minibeasts in their habitats

3D shapes

This week in our Maths lessons we have been learning about 3D shapes.

We have been sorting and comparing 3d shapes. We know that 3D shapes are not flat. It was great fun talking about shapes and finding 3D shapes in our surroundings.

Good news!

In our Religious Education lessons we have been sharing our ‘good news’. Everyone has some ‘good news’ to share. We remembered the Good News of Jesus at Easter.

We discussed how we felt when we received good news. Lots of us felt happy, excited and even proud.

Don’t let a little worry turn into a big one...
If you or your child are worried about something or have any questions, please phone the school office and book an appointment to see myself (Ms Boakye), Mr Withers or Mrs O’Reilly.
We are always really pleased to meet with you and chat things through.

How can you help your child with their learning?

Ask your child to listen carefully and pay attention to how their mouth moves when pronouncing sounds. This will also help them to remember which letters to use when writing these words.
