What have we been learning?

Week beginning: Monday 15th June 2026

This week in phonics we have been comparing the sounds
'ay' and 'ai'. We know that these two digraphs sound the same the same but have a different second letter.

ai 

ay 

 rain

 day

We read words, matched them to pictures and sorted these words into two groups.

Let's double!

Reception have been learning to find two of the same. They have been doubling. Using cubes and other counting objects we have been finding two of the same amount. Doubling has been fun!

Science Boffins!

This week Year Reception had a visit from the 'Science Boffins' .

We participated in sound and movement experiments learning about Isaac Newton, forces and gravity.

How can you help your child with their learning?

Ask your child to talk about why things happen. Encourage them to use science action words, such as change, mix, sort, predict, weight, compare, measure, experiment and dissolve when explaining their ideas and thoughts.
