What have we been learning?

Week beginning: Monday 15th October 2025

We have been learning our letters and sounds in our phonics lessons. This week in phonics we have been learning the sounds ‘i’ and ‘n’.

We talked in our ‘talk partners’ and took part in lots of activities to practise recognising these sounds and finding words that begin with them.

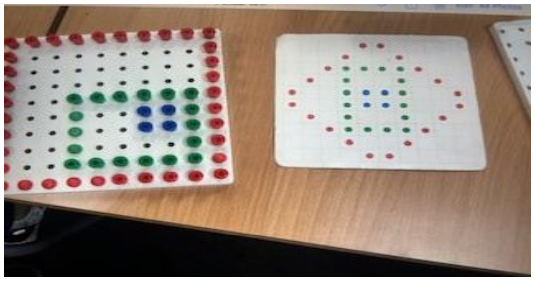

Patterns

In Reception class. We have been learning to create different patterns.

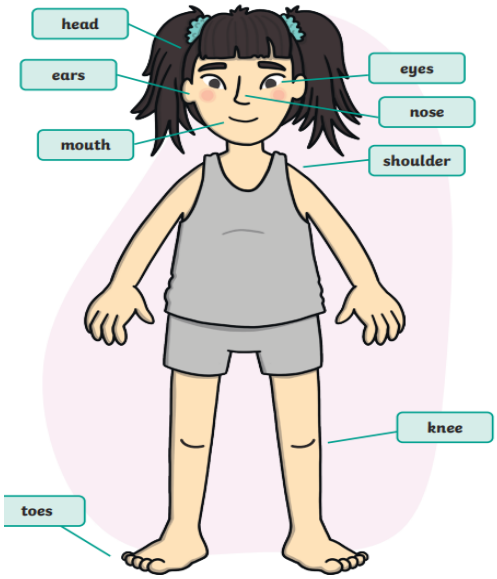

We used different coloured pegs to make shapes and colour sequences.

We enjoyed exploring and using different colour combinations.

Our bodies

We have been learning about our bodies. We have been learning to name the different parts of our bodies and have been discussing how we use each part.

We enjoyed working together to place our labels correctly. We have also learnt to look after our bodies by eating healthy and drinking lots of water.

How can you help your child with their learning?

Ask your child to look at themselves in a mirror. What do they notice? Do they name the parts of their body correctly? Focus their attention parts of their bodies such as their wrist, elbows or knuckles. Do they know these parts as well as others?
