

# What have we been learning?

Week beginning: Monday 9th September 2024

We have been learning our letters and sounds in phonics.

This week we have been listening to sounds around us and describing how they are different.

How would you describe the sound of a drum?

# Music

We have enjoyed our Music lessons with Mr Bolagi.

We sang some of our favourite songs and put movement to music by performing actions to parts of the songs.

**We welcome our new Reception Class!**

Our new Reception class have begun to settle in very well and had a great first week in school. They have enjoyed meeting their new teachers, new friends and friends they have previously known from our Nursery. The children have been getting used to their new environment by engaging in class activities and participating in whole school routines at lunchtimes and playtimes. They have been talking about the things they enjoy most and we have been pleased to see how they have enjoyed story telling and engaging with Storytime. Thank you Parents and Carers for supporting us to make their first week such a success. We are very proud of

## How can you help your child with their learning?

Reading helps your child's wellbeing, develops imagination and has educational benefits too. Just a few minutes a day can have a big impact on. Try to read to your child every day. It's a special time to snuggle up and enjoy a story. Stories matter and children love re-reading them and poring over the pictures. Try adding funny voices to bring characters to life.
